## MySQL Standard Edition

Includes

- 24x7 Support
- Unlimited Support Incidents
- Knowledge Base
- Maintenance Releases
- MySQL Consultative Support

**¥25,000**

## MySQL Enterprise Edition

Includes

- Standard Edition Features+
- MySQL Partitioning
- Oracle Enterprise Manager for MySQL
- MySQL Enterprise Monitor + Backup
- MySQL Enterprise Security
- MySQL Enterprise Scalability
- MySQL Enterprise High-Availability

**¥60,000**

## EDB Standard Edition

Minimum purchase  
**4 uniCore**

Includes

EDB Postgres Enterprise Manager  
EDB Replication Server  
EDB Backup and Recovery Tool  
EDB Failover Manager  
EDB Migration Toolkit  
EDB pgPool II and more.

**¥15,000**

## EDB Enterprise Edition

Minimum purchase  
**4 uniCore**

Includes

EDB Postgres Enterprise Manager  
EDB Replication Server  
EDB Backup and Recovery Tool  
EDB Failover Manager  
EDB Migration Toolkit  
EDB pgPool II and more.

**¥25,000**

# Benefits of purchasing from Zabbix

- One procurement process, one invoice
- Easier budgeting, alignment of support periods
- Extended support on the border of Zabbix and DB
- Be ahead of DB versions supported by your organization

# ZABBIX IN THE CLOUDS

ZABBIX  
ANNOUNCEMENTS

**ZABBIX** 2019

# Why clouds?

- Agile - quick availability of required resources
- Effective scaling up and down
- No capital expenses
- Better disaster recovery
- Instant provisioning
- Start with POC, continue to grow further

# Which clouds?

# AWS Marketplace

The screenshot shows the AWS Marketplace interface for the Zabbix server virtual appliance. The header includes the AWS Marketplace logo, a search bar, and navigation links like 'Categories', 'Delivery Methods', and 'Solutions'. The main content area features the Zabbix logo, the product title 'Zabbix server virtual appliance 4.2 Medium Performance', and a 'Continue to Subscribe' button. Below the title, it lists the provider 'Zabbix SIA' and the latest version '4.2.6'. A description states that Zabbix is an enterprise-class open source distributed monitoring software. A pricing box shows a typical total price of \$0.296/hr. At the bottom, there are tabs for 'Overview', 'Pricing', 'Usage', 'Support', and 'Reviews'.

## Product Overview

Zabbix is an enterprise-class open source distributed monitoring solution designed to monitor and track performance and availability of network servers, devices, services and other IT resources.

Zabbix is an all-in-one monitoring solution that allows users to collect, store, manage and analyze information received from IT infrastructure, as well as display on-screen, and alert by e-mail, SMS or Jabber when thresholds are reached.

Zabbix allows administrators to recognize server and device problems within a short period of time and therefore reduces the system downtime and risk of system failure. The monitoring solution is being actively used by SMBs and large enterprises across all industries and almost in every country of the world.

### Highlights

- All-in-one monitoring solution
- Appliance ready to use out of the box: includes MySQL, Nginx, and PHP
- Highly Performing and Flexible
