"Support Fees" are support fees set forth in Invoice for a period specified in Invoice.

"Support Case" is a precise statement of a single question, problem or issue that Company is facing while using Software, such as request for a bug fix, a technical question about Software usage with all related sub-questions and comments, submitted to Zabbix using channels described in Section 2.7.

2.5 Support Cases are handled based on case priority levels as described in Section 2.6. When submitting a Support Case, Company selects the priority by logging the case online, in accordance with the priority guidelines set forth in Section 2.6. When the case is received, Zabbix may change the priority if the Support Case does not conform to the criteria for the selected priority. Zabbix shall respond to a Support Case and shall provide workarounds or fixes in accordance with terms set in Section 2.8 for each specific support level. 2.10 Authorized Support Contacts. Support shall be provided solely to your authorized support contacts. Zabbix strongly recommends your authorized contact(s) to be trained on the Software. You shall be asked to designate your authorized support contacts, including their full name, primary email address and phone numbers, following your payment of the Invoice. Zabbix shall open a support account and assign access for the authorized support contacts to use the account. Number of authorized support contacts is limited for each Support Tier according to table in Section 2.7. Company may change its designated authorized support contacts at any time by providing written notice to Zabbix.

2.11 Defect Resolution. Zabbix reserves the right to provide you with a workaround in lieu of fixing a defect should it in its sole judgment determine that it is more effective to do so.

2.12 Your Obligation to Assist. Should you report a purported defect in the Software to Zabbix or request a technical assistance, Zabbix may require you to provide them with the following information: (a) a general description of the operating environment, (b) a list of all hardware components, operating systems and networks, (c) a reproducible test case, and (d) any log files, trace and systems files. Your failure to provide this information may prevent Zabbix from identifying and fixing that purported defect.

The control time for a check on the solution and re-testing is ten (10) working days starting from the moment of delivery of the solution, unless, when agreeing upon the solution, the Parties have not decided otherwise. If the Company does not inform Zabbix about the results of the testing within ten (10) days, the case is considered to be resolved and Zabbix changes its status to "CLOSED".

When a case is solved, Zabbix shall change its status to "RESOLVED" in Zabbix Support System. If the solution is accepted, the Company shall change the case status to "CLOSED" or, if the solution is not accepted, re-open the case.

2.13 If the delay in the process of fulfillment of the duties of one Party makes it impossible to fulfill the duties of the other Party timely, the term of the fulfillment of the duties by the other Party shall be prolonged for the period of the delay by the first Party. The Party, which claims the prolongation of the period of fulfillment of the duties, has to present documents certifying the fact of the delay in the fulfillment of the duties of the other Party.

2.14 Software Upgrades and Software End of Support Policy. Zabbix provides upgrades and updates. Zabbix Software comes with a three digit number version. An even second digit represents the major release (i.e. upgrade). An odd second digit represents a major non-stable release. The third digit identifies the minor releases (i.e. updates).

5. TERM AND TERMINATION

5.1 Term. This Agreement will commence on the date of Zabbix receiving a payment for the Invoice (the “Effective Date”) and, unless terminated earlier in accordance with the terms of this Agreement, for a period of one year thereafter (the “Initial Term”). The Agreement will automatically renew for additional one-year terms (each, a “Renewal Term”), unless either party provides the other with written notice of its intent not to renew the Agreement at least thirty (30) days prior to the end of the then-current Initial Term or Renewal Term. If Company allows its support Term to expire due to a delay in renewal Invoice payment, then Company may seek to re-activate support by paying renewal Invoice that includes fees for the lapsed period.

5.2 Termination. Each party will have the right to terminate this Agreement if the other party breaches any material term of this Agreement and fails to cure such breach within thirty (30) days after receipt of written notice thereof.

8.5 Entire Agreement. This Agreement, including all Invoices, constitutes the entire and exclusive agreement of the parties regarding its subject matter and supersedes any and all prior or contemporaneous agreements, communications, and understandings (both written and oral) regarding such subject matter. This Agreement may only be modified or any rights under it waived by a written document executed by both parties.
