

ZABBIX

Learn from the best and become Zabbix certified.

Ready to climb the ladder to Zabbix expertise?
Explore our training path - it's tailored for
professionals of every skill level.

Gain practical skills and an
official certification while you
master Zabbix!

Why train with us?

Follow your path to become a monitoring pro.

Zabbix certified training is the fastest way to get your team up to speed – no matter their current knowledge level.

Even if you've been using Zabbix for years, there's always something new and useful in our courses. Our trainers don't just read the manual – every Zabbix training course is full of hands-on use cases, shortcuts, workarounds, tips, and tricks, and there's always plenty of time for Q&A sessions.

Official certification

Master Zabbix under the guidance of our skilled trainers, and you'll receive an official Zabbix certification

A clear training path

Follow the official Zabbix certified training path to become a Zabbix certified expert

Structured knowledge

Zabbix certified trainings are the most time and cost-efficient way to master all things Zabbix

A hands-on experience

Put your new skills to the test by performing practical tasks and solving real-life use cases

Worldwide availability

Our partner network makes sure that training courses are available worldwide in your preferred language

Improved efficiency

Work smarter after learning how to perform monitoring tasks quicker and easier

Core training courses

The path from beginner to expert.

Extra training courses

Prerequisites: None

Advanced Zabbix database monitoring

The goal of this course is to fully explain DBMS monitoring and provide practical knowledge of configuring DBMS monitoring with Zabbix

Level: Intermediate

€ 490 | \$ 590

Automation and Integration with Zabbix API

This course gives a detailed study of Zabbix API functionality and explains different use cases, from sending simple JSON-RPC requests to writing complex scripts using the Python API wrapper.

Level: Advanced

€ 490 | \$ 590

Advanced Zabbix Data Pre-Processing

Learn how to extract and transform information from different sources using Zabbix built-in functionality and without using external tools or scripts.

Level: Beginner

€ 490 | \$ 590

Study one specific monitoring topic in-depth.

Intensive **one-day courses** full of practical tasks and real-life use cases, aimed at anyone willing to learn a particular aspect of monitoring.

Advanced Zabbix Security Administration

For users with knowledge about Zabbix components, this course will show how to protect Zabbix internal communications and secure sensitive information like user credentials and encryption keys.

Level: Advanced

€ 490 | \$ 590

Advanced Problem and Anomaly Detection with Zabbix

Devoted fully to problem detection, this course demonstrates best practices and covers Zabbix tuning with detection of the most sensitive triggers and definition of custom thresholds using context-based user macros.

Level: Intermediate

€ 490 | \$ 590

Advanced Zabbix SNMP Monitoring

The aim of this course is to fully explain SNMP monitoring and provide practical knowledge of configuring SNMP monitoring with Zabbix.

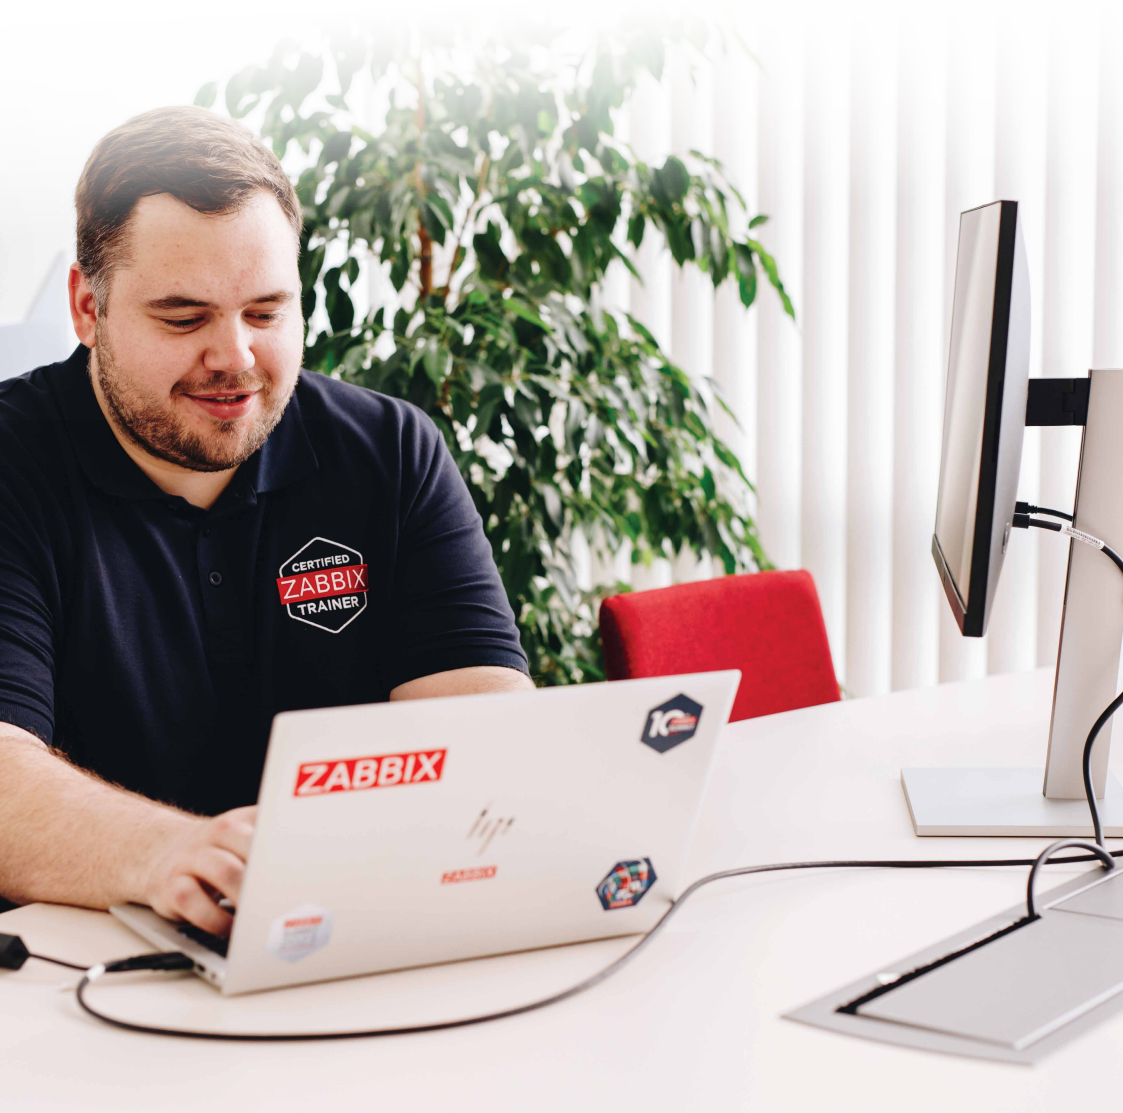

Level: Intermediate

€ 490 | \$ 590

Upgrade training courses

Expand your knowledge in one day.

Leverage your existing Zabbix knowledge and get up to speed with the latest features and improvements.

Zabbix Certified Specialist Upgrade

Get up to speed on the changes and improvements introduced in the latest Zabbix LTS release. Receive hands-on experience with managing Zabbix 7.0 LTS environments, the latest data collection, visualization and problem detection features, and more.

Duration: 6 hours

Prerequisites: Zabbix 6.0 Certified Specialist certificate

€ 650 | \$ 780

Zabbix Certified Professional Upgrade

Get the most out of your Zabbix environment by learning how Zabbix 7.0 LTS can help you seamlessly scale your infrastructure, prevent downtime, and optimize your data collection workflows.

Duration: 8 hours

Prerequisites: Zabbix 6.0 Certified Professional certificate

€ 850 | \$ 980

Zabbix Certified Expert Upgrade

Learning is a lifelong process, and our Zabbix Certified Expert Upgrade course reflects that by giving you the option of upgrading your Zabbix Certified Expert certificate. After all, if you've reached the pinnacle of Zabbix expertise, why not let everyone know that you intend to stay there?

Duration: 8 hours

Prerequisites:

- ▶ Zabbix 6.0 Certified Expert certificate
- ▶ Zabbix 7.0 Certified Specialist certificate
- ▶ Zabbix 7.0 Certified Professional certificate

€ 1050 | \$ 1280

Exams

There are two ways to become Zabbix certified:

- ▶ By attending a Zabbix certified training course and passing the exam
- ▶ By purchasing the exam separately

It's possible to purchase separate exams for Zabbix Certified User, Zabbix Certified Specialist, and Zabbix Certified Professional courses.

We also provide an opportunity to pass the exam separately during all Zabbix conferences and scheduled exam sessions.

A Zabbix certification guarantees that a certificate holder has mastered the theoretical and practical skills covered during a course and has the required knowledge to understand the concepts presented and implement them in real Zabbix environments.

All certificates can be validated on our homepage.

“

Excellent content.

Exactly what I was looking for as we are starting Zabbix implementation shortly.

Richard Godin
Zabbix Certified
User Course

“

Went through several things that I didn't know about the software, even though I have been using it for over a year.

Joe Royle
Zabbix Certified
Specialist Course

“

The practical training was very good and gave me a good opportunity to let the subject we just discussed sink in.

Han Wessels
Zabbix Certified
Specialist Course

“

Practical examples are the most beneficial, excellent layout of the course, allows you to think about how I can setup my own environment as we are going along.
