ZABBIX

The Enterprise-class Monitoring Solution for everyone

What's New

Zabbix 3.0.29, Zabbix 4.0.16, and Zabbix 4.4.4 released. Source files are available for download [here](#).

Zabbix Meetups connect the community and help to share monitoring experience between users. Learn our tips on [how to organize a meetup](#) on your own.

The official Zabbix Documentation is now fully translated to Russian. Explore all [available translations](#).

Now it's possible to purchase and pass the exam separately from Zabbix Training if you are confident in your knowledge. Find out [all available exams and requirements](#) for each level.

New Integration Available

Zabbix Team presents the official template to monitor HAProxy by Zabbix that works without any external scripts. Most of the metrics are collected in one go, thanks to Zabbix bulk data collection. [Read more](#) and explore [all official Zabbix templates](#).
