NEWSLETTER   **ZABBIX**

The Enterprise-class Monitoring Solution for everyone

What's New

Zabbix 4.0.17, 4.4.5 and 5.0.0alpha1 are released.

Zabbix Conference China 2019 covered a lot of interesting use cases. Read the overview in Zabbix Blog.

First speakers for Zabbix Conference Benelux 2020 are revealed. Explore also the Networking program and register for the event.

New Integration Available

Redis Labs is an open-source in-memory data structure store, used as a database, cache, and message broker. It is now possible to monitor Redis by using official integration and Zabbix Agent 2.
