

ZABBIX 5.0FREEDOM AND INTEGRITY
OF MONITORING

Zabbix 5.0 released, and we are organizing a list of activities for you to learn what's been edited and improved.

Join online meetups

Free online meetups are great to learn new things and explore the topics from different angles. There will be held three meetup sessions this week in English, Italian, and Portuguese. Please note that the program of every meetup may vary since the presentations will be delivered by different speakers. Attendee number is limited, so be quick and register.
